

Brighton Personal Emergency Response System (PERS) devices provide lone workers with emergency help wherever they are. Teardrop and Smartwatch options provide a quick response by live TMA Five Diamond Certified Agents* if help is needed. Brighton offers a simple, affordable solution to ensure worker safety.

Runs on AT&T LTE Network

Nationwide mobile coverage supported by the widely adopted AT&T LTE network.

Extended Battery Life

Best in class configuration for check-in and monitoring allows for up to 5 days battery life.

Proprietary Location Detection

The combination of GPS and WiFi provides the fastest and most accurate location service available.

Enhanced Fall Detection

End-user functionality reduces false alarms.
(Additional monthly charge applies)

Multiple Language Support

Customizable voice prompts in any language.

Vibration Feedback for Hearing & Visually Impaired

Don't let a physical challenge hinder you from utilizing the full suite of services.

Text to Locate

Providing an extra level of security, caregivers can locate the device with a simple text message.

Monthly Plans Start As Low As \$18

- ✓ All devices are small and lightweight
- ✓ No installation required. Simply plug the device to the convenient charging station
- ✓ Connect via two-way voice using sensitive microphone & powerful speakers

**TMA - The Monitoring Association Five Diamond designation is granted to the top 5% of all monitoring centers that annually satisfy all of the requirements of the five points of excellence. Visit tma.us to learn more.*
